

PUPPET ROADSHOW

Fancy being a famous actor when you grow up? Here's your chance to prove it. Cut out the finger puppets below as your characters. The back seat is backstage. Just add some imagination and create your very own stage show.

How it works

1. Cut out the finger puppets below before you set off - colour them in too if you have time
2. When the car starts, that's when the magic happens – it's up to you to create a story using any or all of the characters. Nothing long, just a few minutes
3. Decide who's going to play which characters and do different voices for each
4. When the engine goes off, when you either stop for a break or reach your destination, that's when the Puppet Roadshow starts and the curtain rises
