

Accident Management Claims handling

Claims handling that puts your business first

Our team of experts is dedicated to delivering an effortless claim journey with a quick outcome, giving you more time to focus on your business. With customisable processes and rapid update features, we'll manage your claim effectively and efficiently from start to finish.

State of the art technology enables your business to:

- › Get real-time updates on the repair progress of your vehicle
- › Keep up-to-date on your claim through email and text messages
- › Gain remote access to our systems so your fleet managers or drivers can view repair progress
- › Focus on your business while we proactively manage the entire claims process
- › Rely on experts to upload fleet or driver information making validation and first notification of loss as seamless as possible

With cutting edge technology and a team of dedicated experts, we ensure our claim handling puts your business first every time.
