

Accident Management

Expert engineering

Driving down costs for your business

RAC engineers are professionally qualified and have extensive experience operating at various levels within the accident management sector, so you can be confident your business will be handled by experts.

Our innovative service helps you:

- › Save money by guaranteeing repair costs and minimising vehicle downtime
- › Eliminate unnecessary spend by using donor parts where requested
- › Gain peace of mind knowing that our engineers are experienced evaluators
- › Get quick evaluations thanks to our remote image inspection service
- › Have confidence in our panel of engineers to perform physical vehicle inspections when necessary
- › Stay safe knowing our engineers ensure all repairs are authorised and conducted correctly using appropriate repair methodology
- › Maintain your vehicles Euro NCAP safety rating

Our engineers are dedicated to keeping your costs to a minimum in the event of an accident. Using industry recognised leading estimating platforms, we offer you quick evaluations with complete transparency of costs, saving you time and money.
