

RAC Telematics

Promote greener driving

Reduce your carbon tyre-tracks and promote greener driving

Tracking your vehicles can help reduce costs and make your business more environmentally friendly, saving you money at the same time.

Business benefits from greener driving:

- › Minimise vehicle wear and tear by promoting positive driver behaviour
- › Easily locate your closest vehicle to a Point of Interest and save on unnecessary mileage
- › Optimise vehicle utilisation whilst increasing efficiencies
- › Allows you to keep track, monitor and compare your vehicles' emissions
- › Save paper and administration with unlimited data storage

Our telematics solution allows you to track how your drivers and vehicles are performing, giving you management information on how you can make savings and help improve the environment.
